

BURIAL POLICY

Vault Requirements

According to the Milford City code, a standard burial vault made of concrete or fiberglass must be used for all burials, with exception of cremation burials. Cremation burials must be in a solid container, such as plastic or wood, but concrete or fiberglass is not required.

Prior Notice Requirement

To properly prepare the gravesite for interment, a minimum of two full business days' notice must be given prior to the burial. In extreme weather conditions and during multiple overlapping requests additional time may be required to prepare the grave for burial. Always contact the city office when scheduling a burial. Failure to give two full business days' notice will result in additional fees. (See Cemetery Fee Schedule <https://www.milfordcityutah.com/index.php/1/cemetery>).
